

Square Tanks Multi Mount BOM	
Part	Qty
Multi Mount Bracket	2
End Cap Spacer	4
5/16-18 x 2.0" Connecting Rod Hardware (Black or Clear Zinc)	4
3/8-16 x 1.00" Grade 8 Yellow Zinc Tank Mounting Hardware	4
7g Pouch Loctite Anti-Seize	1
Assembly Procedure	
Multi Mounts are designed to allow mounting your SquareTank on multiple surfaces angles while keeping the drain in the proper orientation	
With all the air drained from your tank, remove the two endcap bolts that are relative to the surface you want to mount your tank to.	
Install the provided 3/8-16 x 1.00" hardware in the Multi Mount capturing the head but allowing slight side to side movement	
Install the Multi Mount to your tank using the provided 5/16-18 x 2.0" connecting rod hardware and end cap spacers with anti-seize lubricant on the threads. Torque to 18ft lbs.
